

PUPPY QUESTIONNAIRE

As the breeder, I am here to help you pick the most appropriate puppy for your home and environment. While I will give suggestions and help guide you, ultimately the puppy you pick is up to you!

The first step to getting a puppy is filling out the questionnaire. This helps me have a better idea of your family, your lifestyle, and what you're looking for in a puppy. The wait list will not be finalized until after the birth of the puppies; at that time I will reach out and deposits will be accepted. Please complete the questionnaire with as much detail as you can. Be aware this questionnaire is highly confidential and that no one but us at Redbrooke Ranch (Juan and Kelly) will see the results. Send an email with your answers to: redbrookeranch@gmail.com
